Maximum rebate amount is \$9,000 per site). **This program is seasonal. Applications accepted if post-marked September 1<sup>st</sup> March 31<sup>st</sup> only.**

Total SF of turfgrass to be replaced with ornamental water wise landscape (min. 1,000SF): \_\_\_\_\_

## Customer Agreement

*I, the undersigned, understand that this is a limited, first come, first-served program, that rebates are given only for projects which have applications that are approved, and that the City of San Diego Public Utilities Department can deny any application that does not meet program requirements (which can change without notification). I have voluntarily determined to participate in the City of San Diego's Outdoor Conservation Rebate Program and understand that no rebate will exceed the cost of the item purchased or exceed the stated maximum total dollar amount per customer rebate. If this application is approved, I agree that Public Utilities Water Conservation staff can conduct a water conservation survey/pre-site inspection and a post-installation site visit at my property, and verify that the project has been completed according to program requirements. I understand that my Public Utilities account must be in good standing to receive a rebate check.*

*I understand that installation of devices and material are my responsibility, as is determination of the adequacy and compatibility of the existing irrigation system. Smart Controllers, Micro-irrigation, and Sustainable Landscape-Turf Replacement projects must be installed within the Public Utilities service area. I understand that with the post-installation visit, Public Utilities makes no determination with respect to choice, quality or suitability of workmanship, materials or equipment. I acknowledge that installation of irrigation equipment or landscape materials may not result in lower water bills, and that rebates do not apply to sales tax charge.*

*I understand that project site shall be available for future inspection and monitoring (up to five years) by Public Utilities. Photos of the project may be taken by Public Utilities staff to illustrate transitions from thirsty landscapes to attractive, water wise landscapes. Addresses to project sites participating in the rebate program will be available to the public. Customer names will not be made public nor associated with the site address.*

*If this application is approved by Public Utilities and the work proceeds, I agree to defend, indemnify, and hold harmless Public Utilities, its agents and employees against any and all loss, liability, expense, claims, suits and damages, including attorney's fees, arising out of or resulting from the installation of irrigation equipment and landscape equipment. I have read, understand, and agree to the terms and conditions of the rebate(s) for which I am applying. I understand that Public Utilities is not responsible for items lost or destroyed in the mail/transit. Please consult with a tax advisor if you have questions regarding any potential tax implications of your rebate.*

***I agree that all work performed will comply with applicable state and local laws, permits, ordinances, and regulations.***
